Heininger Automotive Snow Donuts - Standard Size 74

Don't get stuck this winter! Our Standard Snow Donuts provide an easy to use alternative to chains when severe weather strikes. Standard are intended for occasional or emergency use with cars, minivans, SUVs and vehicles with four wheel drive. Snow Donuts are certified by the Colorado Department of Transportation. Very easy to fit especially when compared to standard metallic snow chains, and when taking use. No deterioration when used on snow and icy conditions and the maximum speed below 30 mph (50 Km/h). Driving on asphalt will sh damage the car (ABS, EPS, ETC), nor the tires.
